AFFORDABLE. RELIABLE. COMPASSIONATE

DIRECT PRIMARY CARE

WHAT IS DIRECT PRIMARY CARE?

Direct Primary Care (DPC) is a modern solution to a complex healthcare system, designed to make primary care affordable and accessible for all. It is a monthly subscription that is paid to a primary care clinic for unlimited office visits.

COSTS

With our simple pricing plan, we strive to make primary care available to all who need care.

1. Initial and annual fee: \$150 (this includes one set of wellness labs and office visit, will be charged to all patients over 18 years on an annual basis)
2. Monthly fee: \$100 for first adult, \$75 to add a spouse/child over 18, \$40 per child under 18 years

WHAT IS INCLUDED?

Your annual and monthly fee covers one set of wellness labs per adult per year, and unlimited office visits. Additional labs, tests, medications can be added at a discounted rate, which will be discussed on a case-by-case basis. DPC does not cover hospital care, x-rays, or any other services outside of the primary care clinic.
